## Enactus ARSD

Over the span of almost a year, Enactus ARSD has been fervently dedicated to a myriad of social and environmental initiatives aimed at fostering positive change within the community. To address pressing issues and promote sustainable practices and societal well-being, a combination of innovative projects, educational seminars, community visits, and hands-on workshops were conducted.

In **June 2023**, during **Enactus Nationals '23**, various teams from across the nation participated and showcased their entrepreneurial initiatives focused on social impact. This event provided a platform for budding social entrepreneurs to exchange ideas and collaborate on innovative solutions to various societal challenges.

Enactus organized a **plantation drive in July 2023**, aiming to combat deforestation and promote green spaces in the community. Volunteers came together to plant trees near their homes, contributing to environmental conservation efforts and creating a more sustainable ecosystem.

**August 2023** was a month filled with impactful activities, starting with a **waste paper collection drive** and a **college orientation session** aimed at welcoming the new batch while emphasizing the importance of community engagement. Additionally, a **paper recycling initiative** and a **cloth donation drive** were conducted, highlighting commitment to waste reduction and supporting underprivileged individuals through donation drives for underprivileged children.

In the month of **September**, the main focus shifted towards recruitment and community outreach activities. Simultaneously, a **“Samasya Camp”** was conducted to address pressing societal issues and brainstorm solutions collaboratively with community members near **Burari, North Delhi**.

**October 2023** was marked by the celebration of **Daan Utsav (Joy of Giving Week)**, during which various events were organized to promote philanthropy and kindness. These included stall donations, appreciation drives, and donation drives aimed at supporting causes ranging from education to mental health.

As the year progressed, commitment to sustainability remained unwavering. Various competitions, speaker sessions, art therapy, and a pottery workshop were part of **Greenathon '23**, a pre-flagship event.

In the month of **November**, the organization of “**Kaushal**”, an annual Diwali stall, was set up where diyas, matkas, and many other products were showcased.

In **February 2024**, the team visited **Srijan and Aadi communities**, emphasizing solidarity and support for marginalized groups.

**March 2024** was marked by **Ennovate**, a flagship event encompassing various activities including pottery workshops, **EnnoSpark innovation challenges**, **Enac-Talk with the founder of The Quirky Naari**, and stalls promoting social entrepreneurship and sustainability.
