COMMERCICO, ARSD COLLEGE organized a seminar on 26th September, 2017. The speaker for the seminar was Major General P.K. Saighal, Head of Air Army Defense College (Retd.) who took out his valuable time to share his words of wisdom with our young students. The speaker discussed about various career options available for the students for their bright future. He discussed that the current generation makes a major mistake while selecting an appropriate career option for themselves. According to him, the youngsters do not carry out proper research regarding various available career options. He threw light on the various fields which have a wide scope but still these are not opted by majority of youngsters. Investment Banking, Actuarial, Management Accounting, Banking Sector, CFA, Gaming Industry, Cyber Security, Food Processing Industry, Venture Capitalist, Retail Sector, Education Process Outsourcing (EPO), Civil Services and many more provide better career opportunities. It was suggested by him that the students must explore these options instead of chasing the traditional options. He encouraged our students to come out with earth shaking ideas and to provide feathers to their dreams to attain success in life. He winded up his session by sharing a beautiful quote with us – “Possible we do once, Impossible may take a bit time”.
