It was a great webinar which gave insights about the interaction of alumni of our department with the current students, they discussed the various possible future opportunities and jobs post BSc. Electronics Hons. Course.

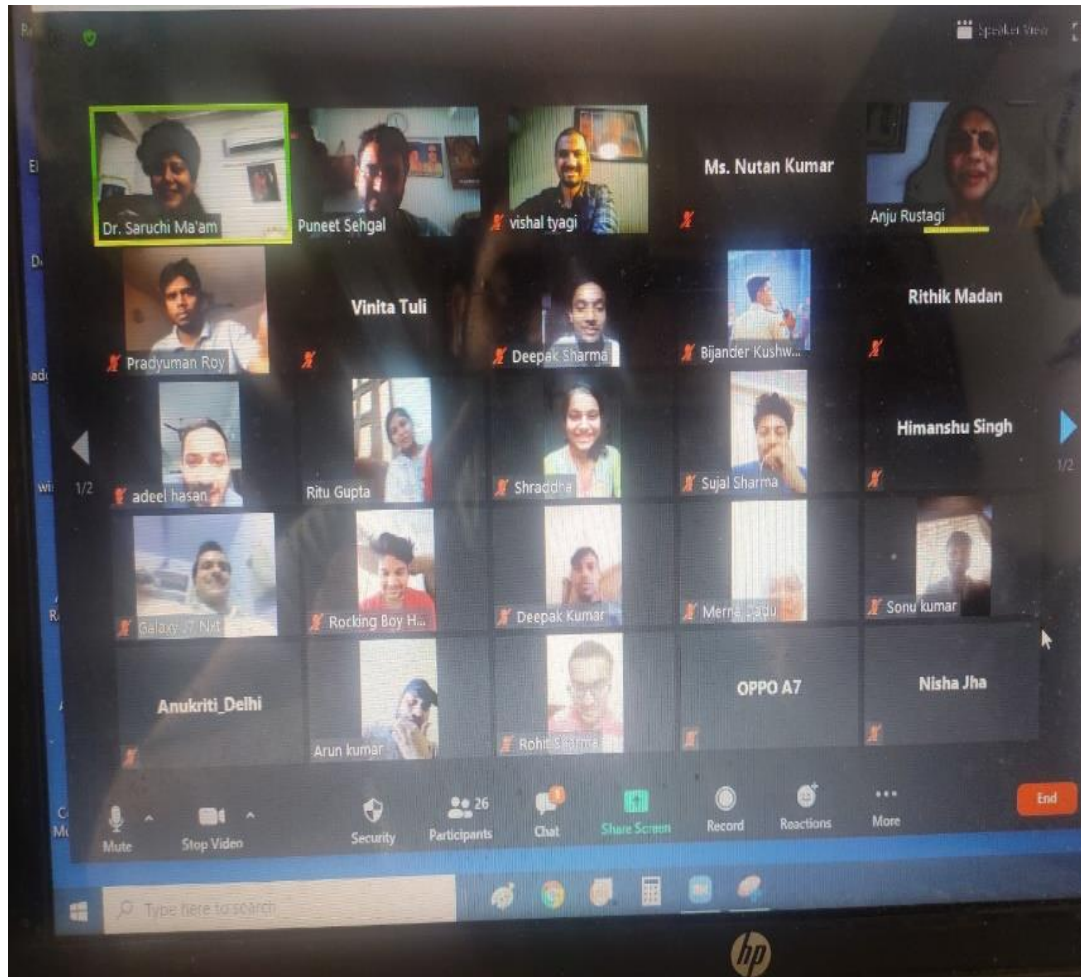

All three speakers were pass-out of ARSD only who are presently working in different dimensions e.g., Nutan Kumari is currently manager in the Canara bank, Vishal Tyagi is working as a data analyst in International Data group company based in Ireland (U.K) and Aunkriti Giri is pursuing Masters in Electronics from the University of Delhi, South Campus. The speakers interacted with the students of current semesters and told them about the various dimensions where they can work in, as per their areas of interest. It was a great interactive session and even students asked their relevant doubts.
