## Chromatica: Theme-based photography competition

**Date of the Program:** 12<sup>th</sup> March, 2021

**No. of Participants:** 21

**Organized by:** Shikhar the mountaineering club, ARSD College

Amidst the COVID-19 Pandemic, Shikhar conducted an online photography competition which gave the participants the opportunity to put on their thinking caps, use their creativity and hone their photography skills to perfection. The themes for the competition were: i) Adventure; ii) Women's role in one's life; and iii) Emotions in non-human subjects. The photographs were to be judged on the basis of the meticulous portrayal of the given themes. The students were supposed to send entries via mail. The event was held in two rounds. The team received an overwhelming response of 31 students by the end of the first round. This was then followed by shortlisting the participants for the second round. The top 10 participants with the best entries were selected for the same, out of which, Mohit Kumar bagged the first position. Further, Alina Javed and Yashraj Kushwaha secured the second and the third position respectively. Apart from this, the social media page of Shikhar also mentioned and gave special shout-outs to ten participants alongwith their respective entries to encourage them.
