WALL CLIMBING AT IMF

Date of the Program: 17th February, 2021

Organized by: Shikhar the mountaineering club, ARSD College in Collaboration with:
Indian Mountaineering Foundation

The club organized a wall climbing activity at the IMF on 17 February 2021. Wall Climbing is a miniaturized form of rock climbing, where the participants climb artificial surfaces constructed from wood or other material. We started our activity with a briefing on how to climb the wall. The participants were very excited and climbed the wall enthusiastically. The activity was conducted during the times of the pandemic and hence all the safety measures like a mask, sanitiser and social distancing were taken care of. Wall climbing helped many participants to overcome their fear of heights and help them acquire new skills.

Feedback

The visit to the IMF was a successful event. We got to know about wall climbing as a sport. The event got a positive response from the participants. They learnt new skills and techniques on how to climb a wall. Overall, it was a successful event where we experienced new things and learnt to organize an event in hard times.
